A TAX NEEDED

Sonoma is suffering from an affliction of a great superfluity of of canines. There are dogs and dogs and then some; "mongrel puppy, whelp and hound and curs of low degree."

The population of Sonoma is over 1000 people and the Lord only knows, how many dogs. About 99 9 10 of these dogs are not only worthless but a positive nuisance.

There is the good old way of getting rid of them, namely, by means of a dog tax. If a dog is worth having he is worth paying taxes on, and if not, said dog must depart for the "happy hunting ground", which he will speedly do if the owner is required to pay a tax on a worthless cur.

The Woman's Club and Trustees are attempting to have a clean town but both overlooked the dog pest. The attention of the Board of Trustees is respectfully called to this important matter.

Unless something is done to get rid of the canines, visitors to our city may be asking if Sonoma people like the Turks, consider the dog a sacred animal.

Let us have a dog tax and thus get rid of this pack of useless curs.

MORE QUICK WORK

Deputy Sheriff Jos. F. Ryan captured a stolen horse in a blacksmith shop here on Friday last and immediately notified Sheriff Smith that he has the stolen property in his possession. The Sheriff was only notified the evening before that a horse and buggy had been taken from Preston Maddux near Santa Rosa.

The thief had traveled with the rig as far as Ohm's place, where he sold the outfit to John McNeil for $40, the latter not knowing, of course, that the outfit had been stolen. He brought the horse to town to get it shod and our ever vigilant officer captured it. The thief has not yet been apprehended. Sheriff Smith and his efficient corps of deputies are doing excellent work in the county executive office.

SENT TO UKIAH

Mrs. Katherine Brown, who was taken to Santa Rosa by Dep. Sheriff Ryan, one day last week, on a charge of insanity, was committed to the Ukiah Asylum on Saturday. She being adjudged insane after an examination in Judge Seawell's department of the Superior Court.

When your food has been properly digested the entire system is impaired in the same proportion. Your stomach needs help. Kodol for Indigestion and Dyspepsia not only digests what you eat, it tones the stomach and adds strength to the whole body. Makes rich, pure blood. Kodol conforms to the National Pure Food and Drug Law. Sold by L. S. Simmons.

BIDS ACCEPTED

The Ricon-Ehrhart Engineering & Construction Company, of San Francisco, will build the new court house of Sonoma county. Their bid was accepted at the meeting of the Board of Supervisors on Saturday afternoon. The only thing to be decided now is whether the exterior finish shall be determined a a meeting of the Board on Thursday.

The bid of the company was as follows. A re-inforced concrete walls with cement finish, $256,380; reinforced concrete with terra cotta finish, $325,880. In accepting the bid the Supervisors reserved the right to accept either the first or the second finish and this matter was agreed to by the contractors. The bond given, with the Aetna Insurance Company, was passed upon by District Attorney Clarence F. Lea. The Ricon-Ehrhart Company were the lowest bidders.

There were seven bidders. Their names and bids were as follows.

Pacific Construction Company, San Francisco: (a) $329,638; (b) $387,938.

Atlantic Gulf & Pacific Company: (a) $356,000; (b) $279,000.

Ricon-Ehrhart Engineering Construction Company: (a) $256,380 (b) $325,880.

American-Hawaiian Engigeering & Construction Company: (a) $340,000: (b) $380,000.

Cotton Brothers: (a) $342,900; (b) no bid.

J. O. Kuykendall: (a) $313,987; (b) $367,987.

P. J. Lynch: (a) $342,000; (b) $393,000.

At noon on Saturday the bids were opened in Supervisors' hall the seals being broken by Chief Deputy County Clerk G. W. Libby and the bids announced by County Clerk Fred Wright. Chairman H. W. Austin presided and Supervisors Blair Hart, G. J. Armstrong, I. J. Button and C. L. Pattieson, all being present at their desks.

SUPERIOR COURT NOTES.

A resume of the calendar day proceedings in the Superior Court on Monday is as follows:

In Judge Denny's department the will of David Walls was admitted to probate and Alma R. Walls was named executrix without bonds.

Mary S. Dunham was named administratrix on the estate of Azariah Dunham in a bond of $11,500.

Permission was granted to erect a headstone over the grave of Wilson Brown.

The petition to be restored to competency in the estate of James Craig was dismissed.

The final account of the estate of Jean Couralet was settled and allowed.

The estate of Tomasso Gorborini was set aside to the widow.

These probate matters were continued: Estates of Rosa Souza, Geo. O'Farrell, William Newcom, John B. Wade, et als., Clifford E. Merritt, to May 20; Cornelia G. Ohm and Jean Couralet, to May 27.

Default was entered and judgment given for plaintiff in the sum of $620 16 and costs in the suit of W. B. Coy vs. S. W. Collister.

The suit of Edward Tomlitz vs. Mary C. Wickersham as executrix, was set for June 4.

These matters were continued: Jacobs vs. Jacobs, Bush vs. Wood et al., Cardono vs. Wright, to May 20; Wheeler vs. Wheeler and Guggenheim & Co. vs. Gray, to May 27.

In Judge Seawell's department the life estate of Margaret McGuire, deceased, was declared terminated.

The suit in condemnation of the County of Sonoma vs. the Yulupa Land & Water Company et als., was set for trial for June 25.

The suit of Hobson vs. Mishima was set for trial for June 21.

These matters went over: Rayner vs. Rayner, Frese vs. Peterson, to May 27; People vs. John Anderson to May 20.

The motion to strike out and the demurrer in the suit of Wood et al. vs. Davis et al., was submitted.

For a cold or a cough take Kennedy's Laxative Cough Syrup. It is BETTER than any other cough remedy because its laxative principle assures a healthy, copious action of the bowels and at the same time it heals irration of the throat, strengthens the bronchial tubes and always inflammation of the mucous membrane. Contains Honey and Tar, pleasant to take. Children like it. Conforms to the National Pure Food and Drug Law. Sold by L. S. Simmons.

An Information Filed

An information was filed in Judge Emmet Seawell's Court Saturday by District Attorney Clarence F. Lea against Antonio Acquistapace. He is charged with obtaining money under false pretenses, the sum being $283.45. The trouble grows out of the sale of the Roma Hotel in this city, and Acquistapace is alleged to have declared there were no debts against the property, whereas claims aggregating the amount named, have been presented.

When your back aches it is almost invariably an indication that something is wrong with your kidneys. Weak, diseased kidneys frequently cause a breakdown of the entire system. DeWitt's Kidney and Bladder Pills afford prompt relief for weak kidneys, backache, inflamation of the bladder and all urinary troubles. Sold by L. S. Simmons.

For The Fourth

Park's Brass Band of fourteen pieces, has been engaged to furnish the music for the grand Fourth of July celebration in Sonoma. Fine music for the big event is thus assured. The committee are corresponding now in an effort to secure a prominent orator for that day.

BROKE HIS LEG

A Santa Rosa carpenter by the name of Bradford, had the misfortune to break his leg one day last week in Graham Canon. A pile of lumber by which he was working, suddenly fell over, with the result as above stated. Dr. Thomson was called, set the broken limb and the patent is now resting as easily as could be expected.

CASCASWEET for babies is the best remedy for colic, summer complaint, diarrho and sour stomach. It is especially good in cases of teething when irritation affects the stomach and intestines. Cascasweet is a pleasant, safe remedy, containing neither opiates nor narcotics; all the ingredients are printed plainly on the wrapper. Endorsed by mothers because it acts so quickly. Sold by L. S. Simmons.

ABE RUEF GUILTY

After protesting his innocence for several months, Abe Ruef, the political boss of San Francisco, has thrown himself on the mercy of the court.

He withdrew his plea of not guilty and confessed guilt to the charge of extortion and stated that he wants to be a good citizen from now on. He probably expects thereby to be exonerated from the several other indictments brought against him. But will he? Leave it to Burns and Heney.

Your turn next Mayor Schmitz. Come now, 'fess up, tell the truth and shame his satanic majesty.

SONOMA'S GROWTH

Our efficient postmaster, J. M. Cheney, in order to keep up with the demands of the patrons, has found it necessary to install 46 new combination boxes in the local post office. This is the third time lock-boxes have been added during Mr. Cheney's term of office and furnishes good evidence of the growth and business prosperty of Sonoma.

The Literary Society

The meeting of the Sonoma Literary Society on May 6, was held at the residence of Mrs. Murphy, on Broadway, the president, Mrs. T. A. Lewis in the chair. The program was devoted to the consideration of the Life and Works of Sir Walter Scott. The members gave quotations from the author, the particular work from which they were taken being required from the other members as a test of their familarity with the writer. An interesting paper on the life and literary activities of the great novelist and poet was read by Mrs. J. E. Van Hoosear. A series of typical selections from "The Lay of the Last Minstrel" was read by Mr. Platt to illustrate the poetic art of Scott. Miss Waterman's songs and Miss Davis' piano solos added greatly to the pleasure of the evening. After the program, an enjoyable half-hour was spent in looking at a collection of views of the home of Scott at Abbotsford and of many of the scenes made familiar through his works.

The next meeting will be held at the residence of Mrs. J. F. Von Hoosear, on Broadway, Monday evening, May 21, the topic for the evening being "Robert Burns," quotations from whose works should be brought by all members. A large attendance is hoped for.

Address by Ex-Gov. Pardee

Hon. Robt. A. Poppe, President of the Board of Trustees of the Sonoma Valley Union High School, is in receipt of a letter from his classmate at the University of California in '79 and lifelong friend, Ex-Governor George C. Pardee of Oakland, announcing that Dr. and Mrs. Pardee will be present at the graduating exercises of the high school here on the evening of May 31. The Ex-Governor will be the orator of the evening and will discuss the question of "Good Citizenship." Co. Supt. Montgomery is also expected to be present and to make some remarks. The alumni, especially, whithersoever dispersed are urged to be present at the accession of a new class to membership in their body. The people of the Valley are earnestly requested to turn en masse and give a rousing welcome to the Ex Governor, who is in retirement yet remains the foremost citizen of California.

Will Sell Franchise

The Board of Supervisors at their meeting Friday passed the matter of the franchise petitioned for by Frank M. Burris and ordered that the same be advertised for sale. This is the franchise by which it is proposed to disseminate electric current throughout many sections of Sonoma county. This current will be used for lighting, heating, commercial purposes, including the propulsion of electric cars. It means much for the county of Sonoma and the city of Santa Rosa. The ordinance will be published shortly.

Badly Injured

Wm. Errington, while standing on the platform of the regular N. P. down train Sunday afternoon, jumped from the train while under full speed and striking against a switch rod, was badly injured. Seeing another train ahead on the siding near the Sonoma Creek draw he bridge, thought a collision inevitable and jumped to save himself from being in the wreck. He was immediately taken on the train to his home in Napa and a physician summoned. It is reported that he died at his home in Napa the next day.

Decoration Day Observance

It is planned, by the ladies of the Sonoma Valley Woman's Club to hold Memorial exercises upon Decoratian Day, the 30th of this month. The children of all the schools are to take part, with songs and floral offerings. Exercises to be held at Union Hall at 10 a. m. A full program will be published next week.

Handkerchief Bazaar

A first-class entertainment will be given at New Union Hall Friday evening, May 24, by the Congregational Ladies' Aid Society. Handkerchiefs from distant regions will be sold, both plain and elaborate. Also handkerchief novelties, ice cream, coffee and cake. Admission 25 cts.

GLEN ELLEN

The concert to be given by the members of Wake Robin Lodge Friday evening, promises to be a very enjoyable affair.

W. S. Trowbridge is building an addition to his dwelling which will be a great convenience and a substantial improvement for that home.

We miss the genial faces of some of the members on the C. N. W. freight crew. They with their families are now stationed at Tiburon and San Rafael.

Several San Francisco detectives disturbed the even tenor of our way here last Wednesday.

G. Paucrazi, the genial host of the Roma Hotel, is building an addition to his well known hostelry.

Mr. J. Ficker, who conducts the bakery at the Home, has been quite ill the past week, but we are glad to state is now improving.

A gas jet has been placed at the front entrance to the Native Son Hall, which is quite an improvement these dark meeting nights.

EL VERANO

Mr. and Mrs. C. A. Fabin returned to their home in Alameda after a weeks pleasant visit at the home of the latter's brother, Geo. Bruns, near El Verano.

Quite a number of summer guests have already arrived at the various resorts here.

J. K. Bigelow is moving his poultry houses to his new place, formerly the Baines ranch.

Mr. McGill of Boyes Hot Springs, drove through here one evening this week, accompanied by a prominent San Francisco belle. As the young people have not been seen since many are wondering if Master Cupid has been playing pranks.

HOW THE VOTES STAND

Interest in the Summer Resort contest grows apace and many of the enterprising proprietors are securing hundreds of votes to aid them in securing one of the valuable prizes given by the Expositor. A canvass of the votes last night showed the following result:

Our Summer Resorts

Nature has greatly favored Sonoma Valley in many ways, mild and equable climate, with no extreme of heat or cold, beautiful scenery, an abundance of the purest water, and hot mineral springs unsurpassed for their health-giving and health-restoring properties.

Many far-seeing and enterprising people, knowing the peculiar advantages Sonoma Valley has over other sections of California have built up a number of summer resorts in this valley, where thousands of people come every year for health and pleasure.

Every resort has found it necessary each year, on account of increasing patronage, to enlarge their accommodations.

We believe a newspaper is not doing its full duty to the community where it is published unless it continually seeks to build up its institutions and exploit its advantages.

The Expositor wishes to make it better known to all health and pleasure seekres that there is no more favorable or enjoyable section in the West than our own Sonoma Valley.

With this end in view, this paper with this issue has started a voting contest which will be continued to August 1, 1907, for the double purpose of keeping the name and fame of our many comfortable resorts before the public and to ascertain which one of them is the most popular

CONDITIONS OF THE CONTEST

Each and every yearly subscription, new and old, to the Sonoma Valley Expositor, paid in before August 1, 1907, entitles the person, paying such subscription to 200 votes for his favorite resort Each 6 months subscription entitles the person paying it to 75 votes for his favorite.

Commencing with this issue in each and every copy of the paper published during the contest a blank coupon will be printed. This, when properly filled out and sent in, counts one vote for the resort named therein

Send in your votes to day and get in the swim:—

PRIZES

FIRST PRIZE—For the resort receiving the highest number of votes. The Expositor will publish free in a special edition of the paper, a full page illustrated write up of the resort, and will furnish free to the winner of the first prize 1000 illustrated booklets advertising the resort.

The Vital Point

To consider when buying a heater is the draft. Exhaustive tests prove that the down-draft as it is developed in the celebrated

WILSON DOWN DRAFT HEATER

is the only form that insures perfect combustion at a minimum of fuel expense. Furnishes twice the heat from half the amount of fuel used, because all gas generated is burned. In other heaters it escapes into the chimney.

Consider this fuel economy in buying.

How Nature Provides.

OUR BEAUTY, HEALTH AND HAPPINESS.

Is it not possible if not probable that elements necessary for the body-health are contained in the native medicinal roots found in the earth, digested in the plant laboratory of *nature* and made ready for man or animal?

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as Caulophyllum or Blue Cohosh was known to the Indians as "Squaw root." Another, known to the Indians as "Rattleweed root," is used in modern medicine as "Cimicifuga."

Prof. King's American Dispensatory, an authority in these matters, says: "Our Indians set a high value on Rattleweed root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the non-alcoholic, glycerie extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. Thus, there is no mystery in the make-up of this famous "Prescription." The use of alcohol is entirely avoided in its manufacture, chemically pure glycerine being found to serve the purpose of extracting and preserving the medical properties even better than alcohol.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called DR. PIERCE'S FAVORITE PRESCRIPTION.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases peculiar to women because the earth supplies the vegetable ingredients.

Mrs. Mary J. Beard (Trained Nurse, Washington Hospital), of 1705 5th Street, N. W., Washington, D. C., writes:

"I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. Am certainly glad that I did for I began to improve with the first bottle, and gradually became better until I was entirely cured of the old trouble. Am well and can enjoy life once more."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists. **Pellets.**

FURNITURE.

What You Should Do to Keep It In Good Condition.

Furniture, to be preserved in good condition, should be polished once a week. If this care is given it, and with ordinary good usage, it will not need to go to the repair shop for many years.

To counteract the ill effects of steam heat, which cracks and warps all the lighter kinds of furniture, the wood should be rubbed regularly with a flannel dipped in equal parts of linseed oil and turpentine and afterward dried with a soft cloth.

Much of the bamboo furniture is improved by washing with cold water and soap. The wicker furniture of the unstained variety should be regularly scrubbed with the brush. And if kept clean in this way it will maintain its state of beauty and usefulness much longer.

The mahogany table with the ordinary stains can be cleaned with tepid water and soap on a soft cloth. After washing, the table should be thoroughly dried and then rubbed with a clean flannel and a little linseed oil or crude petroleum. Only a few drops of the oil should be used at a time, and they should be thoroughly rubbed in until the surface shines without a suspicion of greasiness.

If a piece of furniture has not been polished for a long time it will take several applications at intervals of a few days to make the wood glossy and smooth, but the labor is amply rewarded finally by the well cared for and highly polished finish it acquires.

Rosewood and black walnut should be treated in the same way as mahogany—that is, rubbed with linseed oil or crude petroleum. But the preliminary washing applies only to the mahogany.

Black oak, unless very frequently dusted and rubbed with oil, presents a dishearteningly grimy aspect.

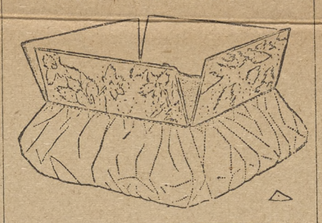
The oil in this case should be rubbed off, and not a particle allowed to remain, as it will simply act as a dust collector. When a wood is very highly varnished it should be washed with tea water—that is to say, water in which tea has been steeped for half an hour. This water will not impair the gloss as does ordinary soap and water.

If the linseed oil is not successful in creating a polish, a wineglass of olive oil, the same quantity of vinegar and two tablespoonfuls of alcohol, shaken together and thoroughly mixed, make a good varnish. This dressing is applied with a soft cloth, and the surface of the wood must be polished with a piece of flannel until thoroughly dry and glossy.—New York World.

HANDKERCHIEF CASE.

A Pretty One That Any Clever Girl Can Make at Home.

No girl need be without a pretty handkerchief case, as it is easy to make one. That shown in the illustration is of white and blue figured silk with linings of white silk. White silk ribbon three inches wide forms the puff or extension and is sewed on very full to give a puffy effect when the



HOMEMADE HANDKERCHIEF CASE.

covers are closed. To make it, cut six pieces of thin cardboard 4 by 4 inches in size. The same number of pieces of silk are needed, three of the figured material and three of plain white. For the bottom take the cardboard and baste one square of figured silk to one piece and one of plain to the other, placing the two together and sewing over and over as in the old fashioned pin balls of our grandmothers' time.

The remaining four squares are cut in two, making four half covers, which lap two over the other two when case is completed. These are covered and put together in the same way as the bottom, being sure that the material is cut larger than the half squares of cardboard, so that when sewed together the material will be perfectly smooth. When all have been covered sew the bottom and covers to the ribbon sides, the ribbon for the covers being divided into fourths, as shown in the illustration.

Girls and Their Clothes.

One of the things that many mothers teach their daughters and seem to regard as one of the paramount virtues is that every garment must be put carefully away as soon as removed.

Often as a girl I spent the night with some friend after a ball and the dress and gloves were put carefully away in a clothes chest or wardrobe. What could be worse? No chance to air and always more or less damp with perspiration.

You will find your garments far fresher and more hygienic if you will spread them out, inside exposed, in an empty room for at least twelve hours before putting them in their places. Have a window open in the room if possible. The members of my family always hang their clothes over chairs before open windows at night all the year around. It is good for the clothing and better for the wearer. The mother who teaches her child to fold each garment carefully and pile one on another in a chair is teaching order, but disregarding health. Order may be heaven's first law, but it is equally true that "cleanliness is akin to godliness."—Exchange.

Oddities of Sight.

The two eyes really see two objects. If the two forefingers be held, one at the distance of one foot, the other two feet in front of the eyes and the former be looked at, two phantoms of the latter will be observed, one on each side. If the latter be regarded two phantoms of the nearer finger will be observed mounting guard, one on each side.

"Women are naturally more artistic than men."

"Yes," answered the matter of fact person; "that's why so many of us look funny when we wear our Christmas neckties and smoking jackets. Our wives want us to look artistic."—Washington Star.

AN AFRICAN FOREST.

Peculiar Effects Produced by Wind, Sunlight and Shadow.

An explorer describes a central African forest: "Ten miles west of the lake begins the only piece of real virgin forest met with. It is throughout a dense virgin forest and almost impenetrable. It consists of very large trees of many varieties. The upper parts are festooned with a light grayish green moss hanging in long streamers and giving to the forest a very fantastic appearance. When these long streamers are agitated by a storm they make the whole forest, seen from one of the hills near, look like a rough sea. Again, when the sun is vertical the whole forest appears dark, but when the sun is low the general effect on the sunny side is curiously light.

"All the trees are bound together with innumerable lianas and creeping plants. Between the stems is a dense tangled mass of lesser vegetation. The forest stands to a great extent in the water and mud of the swamp. A singular feature of it is the abruptness with which it begins and ceases on the plain. The grassy swamp or open country reaches to the mighty wall of trees, which continue in the same density from one side to the other. There is no smaller wood or scrub outside forming a transition from the open plain to the forest.

"Inside, the silence and gloom are accentuated by the apparent absence of animal or bird life. There are some herds of buffaloes that make it a headquarters, elephants visit it occasionally, monkeys and parrots are sometimes seen, and a harnessed antelope now and then appears at the edge, but the general impression left is one of lifelessness."

THE HORNBILL.

A Bird That Imprisons His Mate During the Brooding Season.

A remarkable mode of incarceration is practiced by the hornbills, birds with immense bills and horny crests, which inhabit southern Asia, the Malayan islands and central and southern Africa. In most if not all species the breeding female is walled up in a hollow tree and fed by her mate.

She remains confined in her prison until the eggs are hatched, and in some species until the young birds are able to fly. Meanwhile the mother has become temporarily incapable of flight, as she has molted, or at least shed all her wing feathers, during her captivity. But the male is indefatigable in providing for his family and is said to work so hard that he is reduced almost to a skeleton at the end of the brooding season.

According to the theory of many natives, the female is imprisoned to prevent her neglecting her duty of brooding, and if she has been unfaithful or negligent her mate closes the little window of her cell and abandons her to a painful death by suffocation. The true story, perhaps, is this: The female walls herself in so that she cannot fall from the nest after losing her feathers and also to protect herself from enemies. The building material is her own excrement. This version is less poetical than the other, but it is probably nearer the truth. It is supported by the statement that the female liberates herself as soon as the young birds are well grown, so that her prison is less formidable than it appears.—Scientific American.

Origin of Italics.

Italic letters were first used about the year 1500 by Aldus Manutius, a Venetian printer. He observed the many inconveniences resulting from the vast number of abbreviations which were then so frequent among the printers that a book was difficult to understand. A treatise was actually written on the art of reading a printed book and thus addressed to the learned. By introducing the italic letter he contrived an expedient by which these abbreviations might be entirely got rid of and yet books suffer little increase in bulk. He dedicated his invention to the Italian states; hence the name. It has also been distinguished by the name of the inventor and called the Aldine. The first book printed in italics was an edition of "Virgil" printed at Venice by Aldus in 1501.

PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition when the purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for $1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County, Olm's Sulphur Springs, Sonoma.

Assessor's Notice to Property Owners

All tax payers are requested by the constitution to make and deliver to the County Assessor annually a statement, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession or under his control, at 12 o'clock, M., or on the first Monday in March.

Note—The assessment of property throughout the State of California is made during the months of March, April, May and June, and the law requires that each individual property holder file a statement with the assessor or his deputy during those months.

MORTGAGES

Mortgagees or persons who hold mortgages against others must annually during the month of March report to the Assessor the amount due on their mortgages on the first Monday in March, otherwise proper deductions cannot be made.

PERSONAL PROPERTY

The Assessor must collect the taxes on all personal property when in his opinion said taxes are not a lien upon the real property sufficient to secure the payment of the taxes. The assessor or his deputy must collect such taxes at the time of making the assessment.

State Poll and Road Poll Tax

Are due on the demand from all persons liable to same, between the first Monday in March and the last Monday in July. The amount is $2 each. If not paid by the first Monday in July, $4 is added, and the amount becomes $3 each.

All persons owning real estate that has heretofore been assessed to the wrong name, or those who have purchased real estate within the past year, are requested to appear with their deeds at the Assessor's office or to the deputies, during the months of March, April and May, and have the proper changes made.

Will those having fruit trees or vines kindly enumerate the same giving number and age of each kind, so as to save time when the deputy assessor calls.

Any desired information relative to assessment will be furnished upon application at the County Assessors office, Court House, Santa Rosa.
